

‘RiverFly’ training day

April 15th 2023

‘RiverFly’ is the nationwide monitoring of biological river health undertaken by ordinary people – citizen science. It began as an Anglers’ initiative (called ARMI) but quickly grew into this national programme. If you have an interest in your local river, this is for you.

There is no charge for the course. It is sponsored by
Natural England

Location - Visitor Centre, Sculthorpe Moor
Nature Reserve, Fakenham, NR21 9GN

09.30– 16.00

Register with David Harper,
david.m.harper@icloud.com
